Saturday School: International Languages

Students may take classical or international language courses in any grade of secondary school. For this reason, progression is indicated by levels rather than grades. Classical languages and international languages are all offered at three levels in Grades 9 to 12. Courses at Level 1 are intended to interest students in studying the language and to provide a basis for acquiring and applying more advanced skills at Levels 2 and 3. Students may take courses at Levels 2 and 3 if they have completed the prerequisites. The Ontario Curriculum: Classical Studies & International Languages, 2016.

The Continuing Education Department offers in-person courses at the Academic and University levels. Each credit course is 94.5 hours (27 Sessions X 3.5 hours). For the most updated course offering, please refer to website.
