VINLAND SAGA 『ヴァインランド・サガ』

As a child, Thorfinn sat at the feet of the great Leif Ericson and thrilled to wild tales of a land far to the west. But his youthful fantasies were shattered by a mercenary raid. Raised by the Vikings who murdered his family, Thorfinn became a terrifying warrior, forever seeking to kill the band's leader, Askeladd, and avenge his father. Sustaining Thorfinn through his ordeal are his pride in his family and his dreams of a fertile westward land, a land without war or slavery... the land Leif called *Vinland*.

PLANETES 『プラネテス』

It's the 2070s, and mankind has conquered space, making interplanetary travel possible and igniting the imaginations of the world. It's also vastly increased the amount of dangerous space debris, and someone has to clean it up. Hachimaki, Yuri, and Fee are a crew on that beat, each with their own goals, tendencies, and personal problems: Hachimaki dreams of deep-space exploration in his own ship, Yuri is still recovering from the death of his wife in an accident caused by orbiting debris, and Fee is secretive, but there's a lot going on under the surface!
